

Secrets of Deep Tissue is a concentrated course that will give you more usable techniques and information in two days than any other course you have ever taken. *Guaranteed.*

You see clients every week who are suffering. You became a massage therapist so you could help relieve pain. You are able to achieve temporary success, but the pain returns. What you need are techniques that will have a lasting effect. This is the workshop you've been looking for!

Your instructor, Robert B. Haase, LMP, is the founder of the Bodymechanics School of Myotherapy & Massage and creator of Haase Myotherapy[®]. Robert's desire is for ALL massage therapists to be exceptional at relieving pain, correcting postural problems and changing the world through touch.

Can you really...

- ◆ Help nearly all of your clients be free of back pain in just one treatment?
- ◆ Help nearly all of your carpal tunnel clients cancel their surgery after only two treatments?
